

Creating a Culture of Safety

International Fire/EMS Safety and Health Week
June 14-20, 2015

Use this week to focus on safety and health training and what you can do to create a culture of safety in your community, your department and for yourself.

In the Community

by working to enforce building codes, advocating for key safety legislation and conducting pre-planning activities and community risk assessments.

In the Department

by creating SOPs/SOGs that re-enforce safety, developing health and wellness programs and making safety a critical component of training initiatives and operations.

For the Individual

by following SOGs and procedures, protecting yourself from cancer with proper use of PPE and managing your health and wellness.
